

# Game Remix

Choose three very different games that you have played and think about how they might interact using the questions below.

Game 1 \_\_\_\_\_

Game 2 \_\_\_\_\_

Game 3 \_\_\_\_\_

Fill in the table below to show the different elements of your chosen game.

GAME	ENVIRONMENT	MECHANICS	GOAL
1			
2			
3			

Use this activity to consider game **Objectives**, **Challenges** and **Rewards** for use in your own game idea.

# REMIX

What happens when you blend key features from these games together?

1. Game 1 (Environment) + Game 2 (Mechanics) + Game 3 (Goal)?
2. What happens when you blend your favourite elements from each game?
3. How else might you blend these games? Create your own remix!
4. Do you see any challenges? Do some remix games not work? Why?
